

FRIDAY 9TH NOVEMBER 2018

Edition 1

Welcome to our weekly roundup!!

With so many fun and interesting things going on here at Ossett Academy, we thought what better way to inform you (and to celebrate them!) than to put them all in one place in a weekly newsletter.....so here goes!!

Lest we forget...

Our academy stood still today in honour of those who bravely sacrificed themselves to secure and protect our freedom.

Thank you to our senior students for playing such an active role in our remembrance ceremony, and to the whole academy for the respect shown.

In addition to the ceremony, students across all year groups produced some fabulous work to mark the occasion, including personalised messages in the name of local soldiers who gave their lives in the first world war, using a perspex soldier as a template!

Beautiful AND practical!!

Take a look at these fabulous Art Deco jewellery boxes, produced by Year 10's 3D design group...Well done everyone!!

Children in Need

We're proudly supporting Children in Need next Friday with a range of activities taking place across the academy....so be sure to bring in any spare change you'd like to donate!

Dates for your diary....

Keep your diary up to date with help from our [online calendar](#).

Which path will you choose?...

This week, our annual Careers Convention took place across the academy and sixth form and it was a huge success!

Each year group had the opportunity to find out about a wide range of careers, as well as further/higher education and apprenticeship opportunities.

The event was well attended and included a wide range of employers, from the NHS, Armed Forces and OE Electrics to Morrisons, Calder Vets, Halifax Bank and pretty much everything in between!!

A big thanks to everyone who took the time to visit us and talk to our students about the many options available to them, post-16.

Stay safe online....

Engaging in regular, two-way communication with children about online activities is a really important way of building trust and highlighting the dangers they are exposed to every day. Struggling to get the conversation started? These [7 questions](#) may help.
