Dear Parent/Carer

Principal: Mrs Samantha Broome

Year 8 Supporting Success Evening

To complement the provision and guidance offered by class teachers, we would like to invite parents of selected Year 8 students to our 'Supporting Success' evening. The aim of this event is to enable parents to understand how they can best assist their child in achieving their potential throughout their transition to GCSE and their studies. The evening will examine the journey through secondary school, exam preparations and the new GCSE grading structure.

The event will take the form of 'Pop & Pizza' on arrival, followed by a brief presentation, some interactive workshops and finally a question and answer session where parents will have the opportunity to speak to members of the English, Maths and Science departments. Departments will also be providing a free resource pack for your child to support students in their home studies.

The Year 8 Supporting Success evening will take place on Tuesday 12 February 2019 commencing from 6.00pm in Frankland Hall and shall finish at approximately 7.30pm. We look forward to welcoming you to the academy.

Yours Sincerely

Mrs L Wilkinson
KS3 Supporting Success Lead
